- Extremely slim ratchet with long lever
- Very robust without any restrictions on torque
- Return angle of only 5°
- Convenient direction change thanks to switchover lever
- Secure socket locking

Zyklop Metal ratchet with switchover lever. Slim design for work in even very confined spaces. The 72 fine-pitched teeth allow a small return angle of 5°. Comes with a switchover lever for convenient direction change and secure socket locking function. Forged, full metal ratchet (chrome-molybdenum steel) for particularly high robustness and long service life.
