- The plastic sleeve ensures that work is pleasant and safe even at low temperatures
- BlackLaser for high corrosion protection and long service life
- The TORX® ballpoint on the long arm allows offset applications
- Wear-resistant inscription of the sizes of the L-keys contained on the clip
- Size markings

L-keys with thermoplastic sleeve (SPKL) out of easy-to-grip circular material. The sleeve ensures that work is pleasant and easy on the fingers even at low temperatures. All L-keys are quickly to hand thanks to their size markings. The wear-resistant clip material ensures secure storage of the L-keys as well as simple removal. For TORX and TORX BO (with bore hole) screw connections.
