Insulation Strippers with shaped blades

pliers black lacquered, handles with plastic grips

12 11 180

Description

Applications

Technical design

- with replaceable blades for 4 or 6 different conductor cross-sections
- leaves wire undamaged thanks to precision-ground blade shapes, even multi-stranded conductors are stripped gently
- during stripping, the wire is held firmly by clamping jaws
- an adjustable length stop is perfect for use when cutting the same stripping lengths during repetitive work
- a spring leads the stripper back to the starting position
- pliers body: aluminium
- blade: Special tool steel; oil-hardened

Product Number	Stripping capacities in square inch		AWG	
	in ² / mm ²		Inch / mm	lbs
