Heatsinks f.cool

- ▶ Profile heatsinks and fluid coolers
- ▶ Heatsinks and active heatsinks for processors
- ▶ Board Level heatsinks
- ▶ Cooling aggregates
- ▼ Accessories for electronic components
 - ▶ Thermally conductive material
 - ▶ Fixing material for mechanical components
 - ▼ Mounting material for single semiconductors and heatsinks
 - Mounting kits for insulation of power transistors
 - Insulating clamping parts for power transistors
 - Mounts
 - Mounting parts for heatsinks
 - **insulating caps and insolater sleeves**

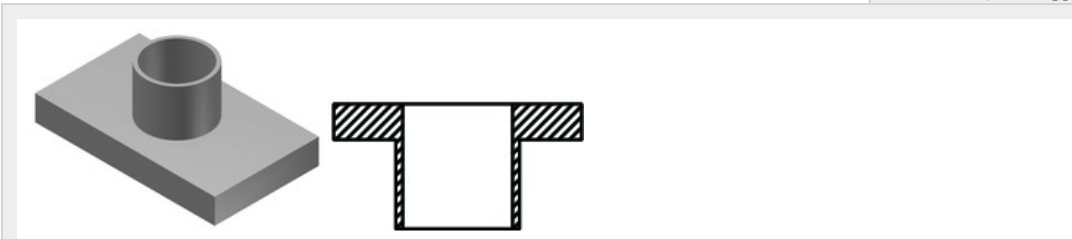

Cases f.case

Connectors f.con

Insulating caps and insolater sleeves

IB 16
for single-semiconductors, UL 94 V-0

add to request

Features Technical Drawing Service

version	insulating caps
material	thermoplastic resin
form stability	-40°C ... +200°C
dielectric strength	<38 kV/mm
class of flammability	UL 94 V-0
