

# MENDA

Specialty Tools

**The Standard for  
Tools and Workbench  
Accessories**

Made in America

## Menda® - The Standard for Tools and Workbench Accessories

### To Our Customers

The MENDA® brand name has been synonymous with innovation and quality since 1947. MENDA is famous for its high performance line of "dish type" liquid dispenser pumps and bottles. These pumps and bottles are now widely used in industrial electronics assembly, cleanroom, medical, and beauty applications. The MENDA brand is recognized around the world as the "standard" for finger touch liquid dispensing. People do not ask for a dispenser bottle, they ask for a MENDA bottle! However, MENDA is no longer just a dispenser pump and bottle company. The MENDA product offering now includes specialty tools such as: Circuitracers®, Soldering Aids, Cable Management, ESD Brushes, ESD Vacuums, Lotion and in this catalog we are introducing a new product offering of various Identification Holders.

In September of 2000, Desco Industries Inc. (DII), a leading manufacturer of ESD control products, acquired MENDA. Menda is now the Specialty Tools division of Desco Industries Inc.. MENDA's strategy is to diversify into markets other than ESD. These markets include Electronics, Beauty, Fiber Optics, Medical, and many other Specialty markets. MENDA's core product offering includes various consumable items that are needed on an end user's workstation.

Desco Industries Inc. is proud to be an employee-owned company with an unrelenting commitment to quality, performance, and customer service. Desco Industries Inc. is well known and respected for manufacturing and has been providing quality products to the electronic assembly industry for over 20 years. In this catalog, you will find many of the standard items you have appreciated and used for years, as well as many new items to help you with more of your assembly requirements. Desco Industries Inc.'s commitment is to innovation and future technology. With Desco Industries Inc.'s leadership role in the market and its desire to continuously introduce new items, you can count on MENDA to offer many more creative and functional items in the future.

We manufacture our products in the United States of America.

We are very proud of making what we sell in our manufacturing locations in Santa Barbara and Chino, California; Marlboro and Canton, Massachusetts; Rochester, New Hampshire; Miami, Florida; and Letchworth, United Kingdom. If you are ever in these areas, we welcome the opportunity to show you around.

We sell our products primarily through local distributors. We believe that local companies with local inventory service you, our customer, the best. They also have an understanding of your local business. Our distribution base consists of a worldwide network of strategic business partners. Please see our [MendaPump.com](http://MendaPump.com) web site for a complete list of distributors in your area.

Menda is part of Desco Industries Inc. with products covered by one or more of the following patents:

## We Guarantee That You Will Be Satisfied With Our Products

We have always had a policy of replacement or refund if you are not completely satisfied. We want you to be satisfied with each product that we produce. We make every effort to see to it that our products are of the highest quality and meet all appropriate recognized industry standards. Since we cannot guarantee that all products are applicable to all situations and that the data we provide from many sources is reliable and accurate for all situations, our lawyers want you to know that...

All statements, technical data, and recommendations contained herein are based upon tests we believe to be reliable. However, the accuracy or completeness thereof is not guaranteed. The proper and correct application of products and data is the responsibility of the user. The following is made in lieu of all warranties, expressed or implied:

Menda's only obligation shall be to replace such quantities of product proved to be defective. Menda shall not be liable for any injury, loss, or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, users shall determine the suitability of the product for their intended use, and users assume all risk and liability whatsoever in connection therewith.

No statement or recommendation not contained herein shall have any force or effect unless embodied in a written agreement signed by authorized officers of Desco Industries, Inc.

## Antistatic (ESD Safe) Badge Holders

- The Only TRUE ESD Safe Badge Holder available!
- Made with a custom dissipative material made exclusively for Desco Industries and not available anywhere else!
- Ideal for use by electronic manufacturers working with ESD sensitive components.
- Highly visible with yellow header and ESD Symbol allowing people to immediately know the badge holder is ESD protective
- RTT: 10E6 to 10E10 ohms per ANSI/ESD S11.11
- Tribocharging: Less than 100 volts
- Available in horizontal and vertical, clip or no clip.
- We can do Customs - just let us know your insert size!
- Genuine Made In America – accept no substitutes

"It should be understood that any object, item, material or person could be a source of static electricity in the work environment. Removal of unnecessary nonconductors, replacing nonconductive materials with dissipative or conductive materials and grounding all conductors are the principle methods of controlling static electricity in the workplace, regardless of the activity." [ESD Handbook ESD TR20.20-2008 section 2.4 Sources of Static Electricity]

## Vinyl ID Tags

- This vinyl ID tag holder has a clear vinyl front and color vinyl back
- Our ID Tag can be used as an identification tag as well as a bag tag, golf bag tag, laptop case tag, luggage, sports bag ID tag, musical instrument tag, briefcase ID tag, backpack ID tag, rental equipment and more
- Supplied with standard ID card which slides into back of tag; "x" insert
- Available in 3 colors. Size: (Full length) 8-3/8", (Head only) 3-1/8" x 1-3/4"
- Made in America

## Vinyl Document Pouches

- Manufactured from 12 mil (0.012") clear vinyl
- Durable, providing long life
- Clear – document can be read without opening
- Ideal for use as a Job Ticket Holder
- Designed to hold "A" size 8-1/2" x 11" documents
- Available in various colors to call attention to color code department and work instructions.
- Ideal to sort paperwork in purchasing, accounting, human resources and even shipping!
- Re-closeable zipper
- Pre-Punched Hang Hole
- Hardness 2S
- Made in America

- 35050** Pink Vinyl Pouch, 9-3/4" x 13-1/4", Pack of 25
- 35051** Blue Vinyl Pouch, 9-3/4" x 13-1/4", Pack of 25
- 35091** Green Vinyl Pouch, 9-3/4" x 13-1/4", Pack of 25

## Cable Ties

- D-Ring fastening and elastic-stretch material
- Provides a secure, cost effective means of bundling cables
- Adjustable, releasable, and reusable
- Soft material will not damage cable or wire insulation
- Heavy duty elastic construction - no need for tools
- Lightweight
- Call for custom sizes
- Made in America

**35650** 6" D-Ring Stretch Cable, Black, 10-Pack

**35651** 9" D-Ring Stretch Cable, Black, 10-Pack

**35652** 12" D-Ring Stretch Cable, Black, 10-Pack

35651

## ESD Cable Ties

- D-Ring fastening is ideal for bundling flat pack trays and IC tubes
- Adjustable, releasable and reusable - easy to install
- Release generates <50 volts charge
- RTT: 10E9 ohms per ANSI/ESD S11.13
- Call for custom sizes
- Made in America

**35653** ESD Cable Tie, 3/4" x 18"

**35654** ESD Cable Tie, 3/4" x 20"

**35655** ESD Cable Tie, 3/4" x 24"

**35656** ESD Cable Tie, 3/4" x 30"

35654

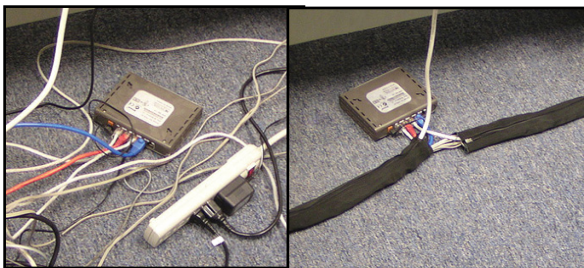

## Cable Cover

- Ideal for managing messy cables
- 54" long modular cover
- Can easily be cut into three sections or connected to another cover for longer applications
- Can also be used to protect large cables from wear with its unique durable woven material
- Made in America

**35657** Cable Cover, 54"

35657

Before

After

**We offer a Complete Sewing Factory for your Custom Needs!**

## Harnessing Wire Threader

- Designed for threading wires into an already tied harness
- Helpful for dealing with retro-fits and ECOs
- Made in America

**35250** Wire Threader

35250

## Hand Sleeving Cutter

- Adjustable stop allows cutting of sleeving to specified lengths
- Ideal for small heat shrink tubing
- Ruler on side of tool helps to gauge cut length
- Constructed of Polystyrene
- Made in America

35175

**35175** Hand Sleeving Cutter

**35177** Replacement Blades (100/pk)

## Wooden and Nylon Probes

- Wood/Nylon finish will not mar delicate surfaces
- Ideal material for use in ESD protected areas
- Temperature resistant - material will not melt
- Items 35618 - 35622 are ideal for opening plastic cases and popping out batteries
- Made in America

**35616** Wood Orange Stick, 7" long

**35517** Birchwood Spudger, 7" long

**35618** Nylon Lead Forming Tool, 7" long

**35619** Nylon Orange Stick, 6-3/4" long

**35621** Nylon Heavy Duty Spudger, 5-1/2" long

**35622** Nylon Soldering Tool, 6" long

**35616**

**35517**

**35618**

**35619**

**35621**

**35622**

Use Item 35622 to adjust your PDA

## Stainless Steel Prober Tools

- Ergonomic hex handle allows operator to better grip probe
- Ideal for use when moving components with solder; solder will not stick or melt to stainless steel
- Non-magnetic, conductive, 300 series stainless steel
- Stainless steel won't corrode - no problem working with magnetized parts
- Made in America

**35122** Stainless Steel Prober, Straight, 5-1/4" long

**35123** Stainless Steel Prober, Hook, 5-1/4" long

**35617** Stainless Steel Prober, Angle, 5-1/2" long

**35623** Stainless Steel Prober, Curved, 5-1/4" long

**35630** Kit of all Four Tools with Blue Pouch

**35631** Kit of all Four Tools with Transparent Green Pouch

35631

## Small Nut Starter

- Helps to hold and install small mounting hardware
- Holds nut sizes Regular No. 2 through Small No. 6
- Made in America

**35120** Small Nut Starter

35120

## Circuitracer® Voltage and Continuity Tester

- 3 Modes for Continuity and Voltage Testing:
  - Mode 1:** Continuity tester for unpowered circuits. 0-10 ohms, uses 35121 Lamp with two AAA batteries (not supplied).
  - Mode 2:** Voltage tester 60-600 volts AC or DC when 35121 Lamp is used without batteries.
  - Mode 3:** Voltage tester 0-60 volts AC or DC when various lamps are used without batteries.
- Illuminated lamp signals electrical circuit continuity
- High voltage lamp tests live circuitry
- Low voltage lamp tests unpowered circuitry
- Range: 0-600 volts or 1-10 ohms
- Made in America

35100

The Original  
Circuitracer®  
U.S. Pat. 2,763,834

**35100** Circuitracer® Voltage and Continuity Tester

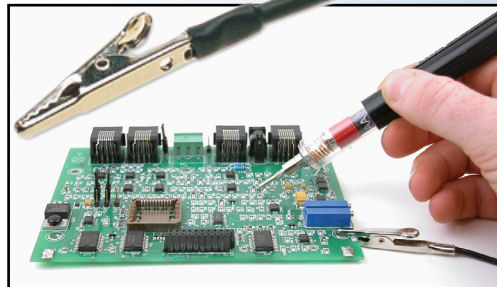

**35121** Low Voltage Lamp

## Circuitracer® Continuity Tester

- Illuminated lamp signals electrical circuit continuity
- Low voltage lamp tests unpowered circuitry
- Probe: 3 volts at 270 ma maximum.
- Includes 2 AAA batteries
- Range: 0-10 ohms
- Made in America

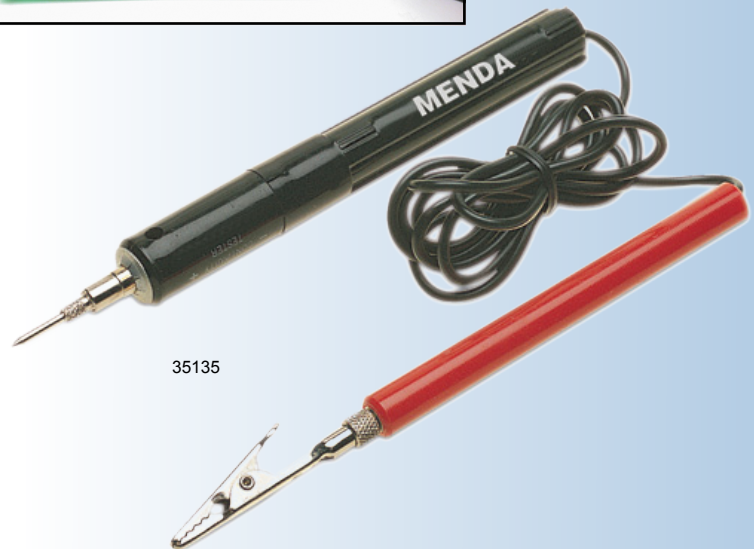

35130

**35130** Circuitracer® Continuity Tester

## Audible Circuitracer® Continuity Tester

- Range: 0-50 ohms
- Probe: 3 volts at 15 ma maximum
- Includes 2 AAA batteries
- Easy to confirm electrical circuit continuity
- Strong 2khz tone signals continuity
- Superior in bright environments
- Made in America

35135

**35135** Audible Circuitracer® Continuity Tester

## durAstatic Tool Box

- Made of polypropylene using durAstatic technology
- Permanently static dissipative, low charging
- Includes inner lift-out tray for added storage
- Clean, no surface coating to rub off, washable
- Size: 14.5" x 7.5" x 5"
- RTT: 10E11 ohm per ANSI/ESD S11.13

**35870** durAstatic Tool Box

35870

## Dissipative Nylon Brushes

- Brushes allow thorough cleaning of ESD sensitive assemblies without the danger of high charges generated by conventional brushes
- Conductive carbon loaded polypropylene handle
- Permanent static dissipative bristles, made of Nylon 6.12, superior grade, high quality Nylon filament
- Highly resilient, durable and abrasion resistant
- For cleaning ESD sensitive assemblies
- Hot stamped ESD symbol

**35685** Dissipative Nylon Brush, Round, 1/4"

**35686** Dissipative Nylon Brush, Flat, 1"

**35687** Dissipative Nylon Brush, Flat, 2"

**35688** Dissipative Nylon Brush, Long Handle, 30mm

**35689** Dissipative Nylon Brush, Curved Handle, 3" x 1.5"

35688

35687

35685

35686

35689

## Conductive Brushes

- Brushes minimize static charge generation and dissipate ESD charges to ground when held by grounded personnel
- Dissipative polypropylene black handles are able to remove charges to ground
- Two kinds of bristles - semi fine and firm
- Resistance of conductive fibers: 10E3 - 10E4 ohms
- Resistance of dissipative handle: 10E5 - 10E8 ohms
- Bristles are a mix of conductive synthetic yarn and horse hair

**35690** Conductive Brush, Round, Firm, 1/4"

**35691** Conductive Brush, Long Handle, Firm, 30mm

**35692** Conductive Brush, Long Handle, Firm, 60mm

**35693** Conductive Brush, Flat, Firm, 2"

**35694** Conductive Brush, Flat, Semi-Fine, 1/2"

**35695** Conductive Brush, Curved Handle, Firm

## No Toolbox is Complete Without Them

If you are looking for tools to make your life easier, consider the Menda Small Nut Starter, Hand Sleeving Cutter, Harnessing Wire Threader, brushes and more. Each tool is simple, yet highly effective in its respective design. How many times have you needed a tool that would hold that small nut just to get it started, or needed something to accurately cut small pieces of sleeving? What about a tool that would allow you to thread a wire in an already tied wire harness? These tools provide the solutions.

## Reztor<sup>™</sup> ESD Hand Lotion

- Silicone-free - non-contaminating; free of chemicals that may adversely affect solderability or cause corrosion of electronic components
- Improves reliability of path-to-ground when using wrist straps, ESD gloves or ESD footwear
- Special ESD formulation for the electronic manufacturing environment; will not insulate skin like regular lotions
- Non-contaminating and solder-safe; free of chemicals that may adversely affect solderability or cause corrosion of electronic components
- Absorbs quickly
- Contains Vitamins A, D, E, and enriched with aloe vera
- Made in America

### Scented ESD Hand Lotion

- Special ESD formulation for the electronic manufacturing environment; will not insulate skin like regular lotions
- ESD formulation creates a superior path-to-ground

### Unscented ESD Hand Lotion

- No fragrance and no dyes - ideal for any user or clean rooms

## Polyurethane Coated Nylon Dissipative Gloves

- Low dust and lint sloughing - choice for photo handling and other applications
- Nylon knitted glove is form fitting
- Good elasticity and ventilation, minimizing sweat build-up
- Will not snag
- Non-slip polyurethane coated palm and fingers
- Resistance 10E5 - 10E8 ohms per ESD SP15.1 Standard Practice for In-Use Resistance Testing of Gloves and Finger Cots

## Organizers are ideal for storing:

- Dispensing Bottles
- Spudgers/Probes
- Wipes
- Wash Bottles
- Brushes
- Cutters, Pliers and Tweezers
- Lotion
- Swabs
- Solder Spool
- Flux Bottles

Made from an extruded conductive 10E2 - 10E4 ohm polypropylene Plastek material, making it ideal to properly set up and standardize any ESD workstation. Ideal for improving the appearance of the workstation and standardizing the placement of tools at any workstation. Workstation organizers are Made in America!

### Assembly Workstation Organizer

- 35872 Kit includes: 1 – 35354 Menda durAstatic yellow one-touch pump bottle and 1 – 35666 8 oz Rezstore unscented ESD lotion
- Dimensions: 16-7/8"W x 8-1/8"D x 2-3/8"H

35872

**35872** Assembly Workstation Organizer, Complete Kit

**35873** Assembly Workstation Organizer, Box Only

### Workstation Organizer

- The front of the workstation organizer is cut low for quick and easy access to smaller items placed in the front cells
- Dimensions: 9 1/4"W x 5 5/8" x 7"H

35874

**35874** Workstation Organizer

Before

After

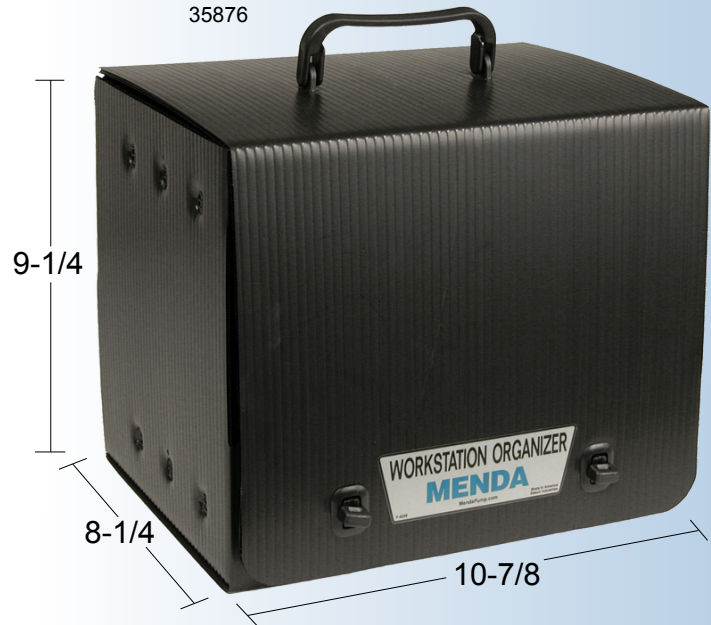

## Portable Workstation Organizer

- Closes securely, to keep the contents clean and make it portable
- 35875 kit includes: 1-35876 organizer, 1-35354 Menda durAstatic yellow one-touch pump bottle, 1-35369 green wash bottle, 1-35666 Reztore unscented ESD lotion, 1-35654 cable tie, 1-35689 dissipative brush
- Dimensions: 10-7/8"W x 8-1/4"D x 9-1/4"H

**35875** Workstation Organizer, Complete Kit

**35876** Workstation Organizer, Box Only

## Thermal Insulative Drinking Cup

- Replacement for static generating foam and plastic cups or bottles on the workstation
- ESD protective - Does not generate a charge; completely grounded when picked up by a grounded operator
- Reusable
- Thermal Insulated Drinking Cup - Perfect for hot or cold drinks
- 16 ounces
- Double wall Stainless Steel
- Stainless Steel push-on lid with slide opening
- Custom imprinting available - minimum 100 quantity

**35890** Thermal Insulative Drinking Cup, 16 oz

35890

## Service Vac

- ESD protective vacuum with 120 VAC high performance motor
- Includes one cardboard shell filter with 5 replaceable bags
- ESD protected utensils include: hose, gooseneck, crevice tool, brush
- Only 6.5 lbs. with all utensils
- ESD protective for cleaning debris from surface mount, pick and place, board routers / handlers and other equipment in your ESD protected areas
- Lead-free RoHS compliant
- Made in America

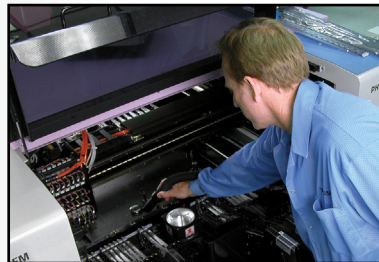

- [35846](#) Service Vacuum, 110VAC
- [35847](#) Replacement Filter, Pack of 5

## Omega Field Vac

- For cleaning pick and place machines, automated insertion machines, computers, printers, lab equipment, etc.
- ESD protected vacuum with 110 VAC motor with electronic line filter
- HEPA filter cartridge is 99.97% efficient @ .3 micron
- Utensils include: 6' ESD protected hose, 16" gooseneck, and brush
- Weighs 12.5 pounds with attachments
- 10 foot power cord
- Portable; quick set-up
- UL Listed; UL/Canada Listed
- Lead free RoHS compliant
- Three year limited warranty
- Made in America

## There is only ONE Menda Pump!

**Menda's famous dish-top finger touch liquid dispensing pump and bottle.**

The Menda brand is synonymous with innovation and quality since 1947. Menda is most famous for its high-performance line of "dish type" liquid dispenser pumps and bottles. These pumps and bottles are widely used in the industrial electronics assembly, cleanroom, beauty, and medical applications. Menda is recognized around the world as the "standard" for the finger touch liquid dispensing. People do not ask for a dispensing bottle, they ask for a Menda bottle!

# MENDA

## Solvent Dispensers

### PREVENT ACCIDENTS, WASTE

No excess fumes, no spilling, no dripping, no flash fires. Dispense no more than you want at one time. Precision, locking pump valves seal contents in bottle.

### SAVE TIME

Get the amount of fluid you want in less than a second.

### PREVENT FLUID CONTAMINATION

Fluid in Pure-Touch dispensing dish won't drip back into bottle to contaminate contents.

### LEAVE ONE HAND FREE

No need to hold bottle.

Menda's patented\* dispensers are precision instruments made in America and are ideal for dispensing solvents and other liquids. Pumps are constructed of the finest stainless steel obtainable to give a lifetime of satisfactory service. The light pressure of an applicator or sponge on the dispensing dish pumps solvent to the surface the instant you need it - perfect for cleaning with swabs, cotton balls, pads, and brushes.

JUST  
PRESS  
DOWN,

FLUID  
PUMPS  
UP

A must for every work station

## Precision Instruments in Every Respect

## Stainless Steel Pumps

### One-Touch:

The **One-Touch** pump provides an opening in the center of the dish to allow the fluid to seep back down into the bottle and help with evaporation issues.

[Click Here to see them on our site!](#)

### Pure-Touch:

The **Pure-Touch** pump has a back flow valve that prevents liquid in the dish from going back into the bottle and contaminating the contents.

[Click Here to see them on our site!](#)

### Take-Along:

The **Take-Along** provides all the features of the **One-Touch** as well as spill and leak resistance when lock is engaged. Perfect for traveling.

[Click Here to see them on our site!](#)

### Pure-Take:

The **Pure-Take** provides all the features of the **Pure-Touch** as well as spill and leak resistance when lock is engaged. Perfect for traveling.

[Click Here to see them on our site!](#)

For more information on which pump to choose [CLICK HERE](#)

**Take-Along** and **Pure-Take** pumps will not spill or leak during travel!

## Polypropylene Pumps

### Lasting-Touch:

The **Lasting-Touch** pump allows safe **One-Touch** "one handed" operation with a convenient "Swing Lid" which reduces odors and maintains purity.

[Click Here to see them on our site!](#)

### Twist-Lock:

Allows safe **One-Touch** operation while providing a lock feature which makes this pump great for travel. Eliminates direct hand contact with liquids, and reduces fumes and waste.

[Click Here to see them on our site!](#)

### Lotion-Style:

Allows smooth lotion-style dispensing. Perfect for lotions, gels, creams and much more.

[Click Here to see them on our site!](#)

## Amber Glass with Stainless Steel Pump

- For applications where plastic and light sensitive fluids are used
- For solvents not compatible with plastics
- Available with One-Touch and Pure-Touch pumps
- Allows for easy viewing of contents

**35315** One-Touch, 4 oz.

**35112** Pure-Touch, 4 oz.

35315

## Tin Can with Stainless Steel Pump

- For applications where strength and durability are important
- For solvents not compatible with plastics
- One-Touch pump

**35335** One-Touch, 4 oz.

35335

## Conductive ESD Protective Bottles

- Permanently Black Conductive HDPE
- Low tribo-charging
- Low internal contamination
- RTT = 10E2 to 10E6 ohms per ANSI/ESD S11.13

**35336** One-Touch, 6 oz.

**35530** Pure-Touch, 6 oz.

**35807** Pure-Take, 6 oz.

35807

Pumps are made in America. Bottles are made and/or assembled in the USA from parts made in the USA, Japan, and the UK.

## Yellow Low Charging durAstatic ESD Protective Bottles

- Permanently low charging HDPE durAstatic™ by Vermason®
- NO migratory additives - reduces the chance for contamination from the bottle
- High visibility yellow marked with ESD protective symbol

**35559** 4 oz., Yellow, Bottle Only

**35540** 6 oz., Yellow, Bottle Only

**35720** 8 oz., Yellow, Bottle Only

### One-Touch and Pure Touch

- "Flask" style shape provides stability
- One-Touch Pump
- Dispenses approximately 2cc of liquid with each pump
- Ideal for use with hand sanitizer
- Genuine Made in America Menda pump - accept no substitutes

**35360** Stainless Steel One-Touch, 4 oz., Yellow

**35354** Stainless Steel One-Touch, 6 oz., Yellow

**35367** Stainless Steel One-Touch, 8 oz., Yellow

### Trigger Style

- Trigger spray nozzle – Spray, Stream and Off settings
- Provides controlled delivery of solvents, cleaners, water, and oils

**35377** Trigger Spray, 8 oz., Yellow

### Wash Bottle

- Angled non-drip spout provides controlled delivery of solvents, cleaners, water, and oils

**35359** Dissipative Wash Bottle, 8 oz., Yellow

## Blue Dissipative ESD Protective HDPE Bottles

- Dissipative R&R Lotion bottles are made to protect your valuable static sensitive printed circuitry
- Low Tribo-Charging - will not easily produce a charge when moved or lifted
- Square shape provides stability and saves storage space
- Dispenses approximately 2cc of liquid with each pump
- Ideal for use with hand sanitizer
- Genuine Made in America Menda pump - accept no substitutes

**35531** Pure-Touch, 6 oz.

**35808** Pure-Take, 6 oz.

**35280** One-Touch, 4 oz.

**35337** One-Touch, 6 oz.

**35281** One-Touch, 8 oz.

35280

35337

## Dissipative Flux Dispenser Bottles

- Dissipative R&R Lotion bottles are made to protect your valuable static sensitive printed circuitry
- Low Tribo-Charging - will reduce a charge of + or - 5000 volts in less than 2 seconds

**35291** 26 Ga Needle, 2 Oz.

**35292** 20 Ga Needle, 2 Oz.

**35293** 16 Ga Needle, 2 Oz.

### Round HDPE and Glass Bottles with Lasting-Touch Pump

- Amber glass construction protects light and plastic sensitive fluids - 35608
- Durable, high density polyethylene - 35601 / 35602
- Wide opening - easy to fill
- Perfect for alcohol dispensing
- Alcohol imprint for demarcation
- Lasting-touch pump
- Made in America for superior quality

**35601** Opaque Brown, with Alcohol Imprint, Lasting-Touch, 8 oz.

**35602** Opaque Brown, No Imprint, Lasting-Touch, 8 oz.

**35608** Brown Glass, with Alcohol Imprint, Lasting-Touch, 8 oz.

35601

35608

Widely Used in the Medical Field

### Twist Lock and Lotion Style Pumps

- Durable, high density polyethylene
- The pump is durable and lightweight
- Convenient, Euro style, rectangular bottom for stability
- Reduces spillage, fumes, and waste
- Twist-lock locking pump can be locked with a twist - suitable for leak free travel
- The oval shaped bottle has a rectangular bottom for stability
- Made in America for superior quality

**35211** Twist-Lock, with Imprint, 4 oz.

**35216** Twist-Lock, with Imprint, 8 oz.

**35215** Twist-Lock, No Imprint, 8 oz.
