## Product data sheet Miniature connectors

Product description

M16 Male cable connector, Contacts: 16, 3.0-6.0 mm, unshielded, solder, IP40

Area Part no. series 680 09 0337 00 16

You can find the assembly instructions on the next page.

#### **Technical data**

#### **General features**

| 09 0337 00 16          |
|------------------------|
| Male cable connector   |
| Connector pin straight |
| screw                  |
| solder                 |
| IP40                   |
| 0.25 mm² / AWG 24      |
| 3.0-6.0 mm             |
| -40 °C / 85 °C         |
| > 1000 Mating cycles   |
| 19.57                  |
| 85369010               |
| DE                     |
|                        |

#### **Electrical parameters**

| Rated voltage             | 60 V                  |
|---------------------------|-----------------------|
| Rated impulse voltage     | 500 V                 |
| Rated current             | 3,0 A                 |
| Insulation resistance     | $\geq 10^{10} \Omega$ |
| Pollution degree          | 1                     |
| Overvoltage category      | 1                     |
| Insulating material group | III                   |
| EMC compliance            | unshielded            |

## Product data sheet Miniature connectors

Product description

M16 Male cable connector, Contacts: 16, 3.0-6.0 mm, unshielded, solder, IP40

Area Part no. series 680 09 0337 00 16

#### Material

| Housing material      | PA                                   |
|-----------------------|--------------------------------------|
| Contact body material | PBT (UL94 V-0)                       |
| Contact material      | CuZn (brass)                         |
| Contact plating       | Au (gold)                            |
| REACH SVHC            | CAS 7439-92-1 (Lead)                 |
| SCIP number           | 7a33c42e-5fb1-4f63-8c14-935aabf10979 |

#### Classifications

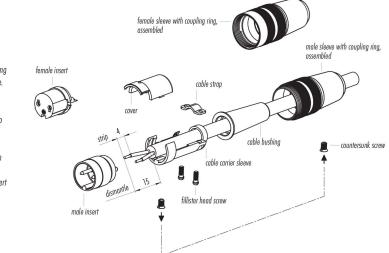

eCl@ss 11.1 ETIM 9.0 27-44-01-09 EC003569

#### Declarations of conformity

Low Voltage Directive

# 2014/35/EU (EN 60204-1:2018;EN 60529:1991)

#### Assembly instructions

- 1. Bead cable carrier sleeve, cable bushing
- and sleeve with coupling ring to cable.
- 2. Dismantle cable to 15 mm length.
- Strip and solder single wires.
  If necessary, twist shield and solder to
- a. If necessary, rwist smela and solder to solder eye.
   5. Place the cover on the cable carrier
- sleeve and fasten the cable strap with fillister head screws.
- Push assembled part with contact insert into the sleeve and fasten with countersunk screw.

## Product data sheet Miniature connectors

Product description

Area Part no. series 680 09 0337 00 16

#### **Security notices**

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

To protect against unintentional opening of the connector, the thread between the housing and the connector head must be secured with a suitable cyanoacrylate adhesive when used in circuits with voltages dangerous to the touch. This does not apply to connectors used in SELV and PELV circuits according to IEC 61140 (EN 61140, VDE 0140-1).

Connectors which are used in circuits with voltages dangerous to the touch may only be installed and used by, or under the supervision of, persons with electrical engineering training, taking into account the applicable regulations and standards.

The user must take suitable safety precautions to ensure that the connector cannot be accidentally disconnected.

The plug connector is not suitable for mains voltages Please observe the pollution degree and the overvoltage category. For further information, please refer to the download center "Technical Information".

To lock the cable connector with the device connector, the threaded ring is tightened "hand-tight" (approx. 60 cNm).
